Forecast For East of England
Issued by Met Office Exeter
at 1600 on Monday 08 Feb 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Very cold with outbreaks of snow and brisk easterly winds.

This Evening and Tonight:
Largely cloudy with outbreaks of snow, leading to further accumulations. However, these may ease across the south of the region later in the night. Feeling very cold with brisk easterly winds, a hard frost and some patchy ice. Minimum temperature -4 deg C (25 deg F).

Tuesday:
Remaining very cold with occasional snow showers, but some bright spells in-between. Icy stretches remain possible with bitterly cold, fresh easterly winds. Another hard frost overnight. Maximum temperature 1 deg C (34 deg F).

Outlook for Wednesday to Friday:
Scattered snow showers initially on Wednesday, becoming lighter then clearing later. Drier and brighter on Thursday. Cloudier Friday with brisk winds. Bitterly cold throughout with hard frosts and icy patches.
